

Track Non-Fiction Article Results

On the Track Student Work page, you can see the status of your assignments and assessments (complete, in progress, etc.). You can also transfer quiz records should a student access an article or quiz on the wrong account.

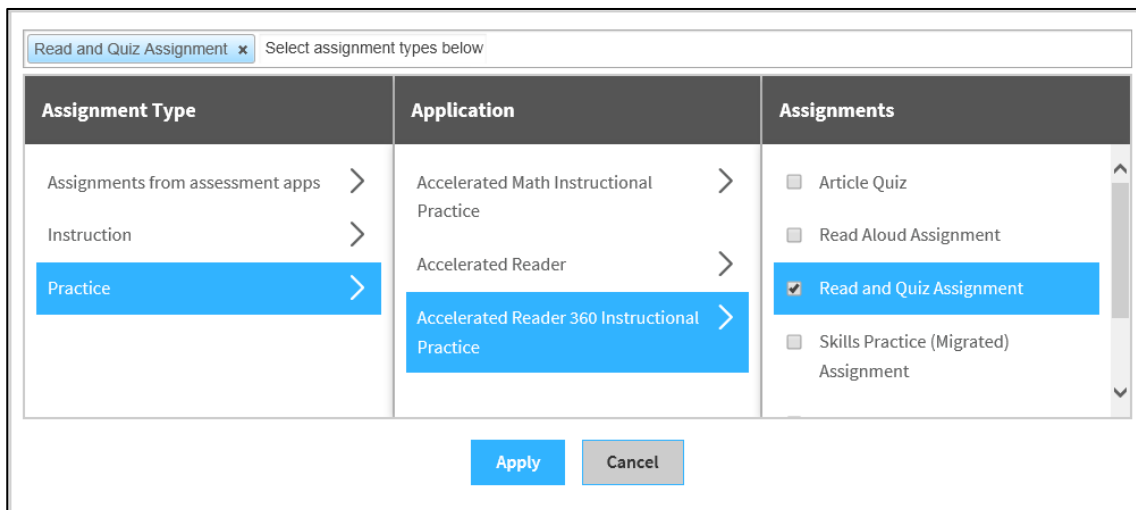

- <https://help.renlearn.co.uk/AR/TransferActivity>

You can get to this page from the Reading Dashboard (on the Home page under Dashboards and Reporting) then going to Track Student Work.

Selecting the Assignments, Students, Time Period and Star Scale

- 1) Choose your class and student(s)
- 2) Choose the Assignment Type 'Read and Quiz Assignment' as shown below.

Viewing Lesson Plan Data

In the Lesson Plans table, you will see one plan named 'AR 360 Instructional Practice'. The Started column will show you if any students have unfinished quizzes that they need to complete, and the final column (Scored) shows how many Instructional Practices have been taken.

If you click the arrow next to 'AR 360 Instructional Practice', you can see the students in the selected class. To see the Review Student results view for a student or the class, select the number in the Scored column and choose Results:
