

the range of items in STAR Reading and the intended range of years appropriate for use, a reading age cannot be determined with great accuracy if the reading ability of the student is either below 6:00 or above 16:06. Therefore, students who obtain an RA of 6:00 should be considered to have a reading age of 6 years, 0 months or lower, and an RA of 16:06 indicates a reading age of 16 years, 6 months or older.

Table 10: Correspondence of Reading Ages to Scaled Score Ranges

RA	SS	RA	SS	RA	SS	RA	SS	RA	SS	RA	SS
6:00	0-43	8:00	283-292	10:00	519-528	12:00	756-765	14:00	993-1002	16:00	1230-1239
